

Owen Heap's CV

Owen Heap

Data Science Student | Aspiring Data Analyst

ooheap@gmail.com | LinkedIn

Currently

Seeking data science internships and entry-level opportunities

Specialized in

- Data analysis with Python
- SQL database querying
- Data visualization (Tableau)
- Statistical modeling

Research Interests

- Transforming raw data into actionable insights
- Creating intuitive data visualizations
- Developing predictive models
- Business intelligence applications

Education

2024 - Present **Brigham Young University - Idaho** - Bachelor of Science in Data Science
(In progress) - Coursework: Statistics, Machine Learning, Data Wrangling

2021 **Palomar College** - General Studies

Technical Skills

- **Languages:** Python (Pandas, NumPy), SQL
- **Visualization:** Tableau, Matplotlib, Seaborn
- **Tools:** Jupyter Notebooks, Git, Excel
- **Concepts:** Regression analysis, Data cleaning, ETL processes

Projects

Academic projects available upon request

Professional Objective

Enthusiastic data science student looking to apply academic knowledge to real-world data challenges. Eager to contribute analytical skills while continuing to learn from industry professionals.
